

## DESIGN AWARD

Flair are proud to have received the **Good Design** Award accolade in recognition of the ILI shower door collection.

The **Good Design** Award is a seal of global design excellence and a testimony to our passion for product quality and innovation.

## PATENTED CLICK FIT ASSEMBLY SYSTEM

This screw free assembly mechanism revolutionises the way ILI shower doors are fitted, reducing assembly time dramatically for installers.

## THE ILI® COLLECTION

**Embrace everyday adventure with ILI.**

ILI is a fusion of original style and practical affordability. Crafted from 6mm glass, the unique handle features a cleverly integrated towel hook. The minimalist profiles and neatly curved hinges give simple, clean lines to the door aesthetic.

Each sliding door features a silent wheel track system while clearvue coating ensuring the shower door glass remains sparkling clean.

# DESIGN WITH PURPOSE

## PATENTED CLICK FIT ASSEMBLY SYSTEM

With our installers in mind, Flair have designed ILI with a patented "Click Fit" Assembly System.

This revolutionary assembly mechanism is screw free and ensures each door can be installed easily and securely.

The tapered dovetail joint locks securely into position, giving a seamless connection between the vertical and horizontal profiles. This pioneering installation system ensures maximum structural integrity within every door and makes ILI the shower door of choice for the busiest of bathrooms.

(European Patent No 3730017)

## MAGNETIC BIFOLD SYSTEM

The ILI Bifold door features an aesthetically pleasing functional magnetic system which ensure the smoothest of motion as the door functions. The beautifully curved hinge aligns with the design of ILI.

## CONCEALED LONG DOOR STOP

A concealed long door stop system gives ILI sliding doors a controlled and gentle closing action. Double rollers with stainless steel ball bearings deliver an effortless sliding experience as the door glides along an innovative silent wheel track system.

# QUALITY GUARANTEED

At Flair we have an unwavering commitment to product quality.

All Flair Shower doors and wetrooms are CE approved and manufactured in accordance with ISO 9001:2000 Quality Assurance systems. All glass is toughed safety glass and produced to EN12150.

Flair products are performance tested to EN14428. Shower doors and rotating wetroom panels have been subject to lifetime shower door cycle testing consisting of 20,000 functional cycles.

Flair Shower doors and rotating wetroom panels have also been tested for their durability, stability, and water retention properties to ensure that they meet the highest possible industry standards. Water is maintained where conventional showering practices are used and the product has been fitted in accordance with the Flair Fitting Instructions. Please note - Due to the weight of certain products, they may require a two man lift.

Images shown in this catalogue are for illustrative purposes only. All descriptions contained in this catalogue are for the purpose of explaining each product more clearly and do not form part of any contract with the company.

## Guarantee

ORO & ETO Shower Doors are covered by a lifetime guarantee against manufacturer defect. A lifetime guarantee constitutes a term of 20 years. AYO Wetrooms and Bathscreens are covered by a 20 year guarantee against manufacturer defect. Shower Trays are subject to manufacturer guarantee. All guarantees are valid on the condition that goods are installed and maintained in accordance with the products fitting instructions and best practices. This guarantee is for domestic use only.

**\*Note: Non glass and detachable parts such as seals and cover caps are subject to normal wear and tear during usage and are under statutory guarantee for 2 years from time of purchase. Glass shattering is not subject to Lifetime guarantee.**

We ask our customers to register their guarantee online at [www.flairshowers.com](http://www.flairshowers.com) or return the guarantee card that comes with every Flair product.

## After-sales & Spare Parts Service

Flair Showers are 100% committed to customer service excellence. For ultimate peace of mind, a comprehensive range of spare parts is available for all Flair product ranges. If you would like to talk to an aftercare specialist about your Flair product, please contact us on (Ireland & Northern Ireland) +353 42 966 8000 or (UK) 0800 1800 8050.

## Return Policy

Flair will not accept return of any product that has been opened. We do not accept return of any product if the packaging has been damaged. If the product is unopened and not damaged, we will accept the return of the product but a handling fee of 25% of the invoice price will be charged.

## Cleaning Guidelines

- Glass: Use a soft cloth and warm soapy water; rinse off thoroughly.
- Metallic Surfaces: Use a soft cloth and warm soapy water; rinse off thoroughly.
- Do not use "Spray & leave" cleaning products on the metal surface as these will cause damage to your product. These include acidic based cleaning products, bleaches, solvents or abrasive pads.
- In hard water areas, regular cleaning of your Flair door will help to prevent the build-up of limescale. Stubborn deposits of limescale can be removed with warm soapy water.
- Check your shower door for functionality periodically. Ensure that the wheel track is free from any grit / dirt which may have collected over time.

## Installation

Full installation instructions are provided with each product to ensure correct installation. All Shower doors and wetroom panels are adjustable between the dimensions stated. All dimensions are approximate.

## Shower Tray Installation

All shower trays must be installed as per instructions supplied. Install on a base of fine sand, cement and cement additive. Please note: Silicone sealants, foams, mastics, installation compound adhesive or similar must not be used as a substitute for cement. Ensure shower tray is 100% level and water test to ensure water is draining correctly. If not satisfied at any stage do not proceed with fitting. Fitting of Shower Tray is acceptance of quality.

## Conditions of Sale

Unless otherwise stated, all price quotations are subject to acceptance within 30 days of date of issue. Other than in the case of faulty goods / incorrect despatch, Flair will not accept the return of any product.

AS PART OF OUR CONTINUING POLICY OF PRODUCT IMPROVEMENT, WE RESERVE THE RIGHT TO AMEND SPECIFICATIONS, COLOURS AND PRICES WITHOUT PRIOR NOTICE.

\*Errors and Omissions Exempt.
