marflow

LUXURY BATHROOM BRASSWARE SINCE 1968

For over 50 years, Marflow Engineering have been designing and developing bathroom brassware in Birmingham.

The NOW Collection is a stunning array of taps & mixers, showers and accessories, of contemporary and traditional designs.

The NOW Collection allows you to create a stylish bathroom, in conjunction with your choice of bathroom suite and without compromising on quality.

10
10 YEAR
GUARANTEE

10 YEAR PRODUCT GUARANTEE

The NOW Collection products used for domestic installation are covered under the Marflow guarantee for a period of 10 years from date of purchase subject to the terms and conditions of use set out in our guarantee terms and conditions.

For full details visit our website: www.marflow.co.uk

We are totally committed to using only quality materials in our brassware, which together with the best of both traditional and modern engineering processes, ensure that our taps, showers and accessories give pleasure and peace of mind for years to come.

AN INTRODUCTION TO OUR STYLISH TAPS & MIXERS RANGE

Whatever look you want to achieve throughout your home, there is a perfect choice of taps available in the NOW Collection. Go for sleek and simple, dramatic and angular, or a classic, curvy cross head such as the Ferrada.

GET THE MODERN LOOK

Our mono bloc mixer taps are the epitome of contemporary design. Simple lever operation keeps the overall look streamlined and sophisticated enough to work with any design led interior scheme.

We have also included a sense of classic style, reworked into a look that will complement both small and large bathroom spaces alike. Each tap is straightforward to operate, with comfortable handling a priority.

THE TRADITIONAL OPTION

Traditionally styled bathrooms often include contrasting contemporary bathroom taps, but if that's not for you, our Ferrada design has a classic curvy style, combined with a traditional cross head handle.

With wall mounted and deck mounted configurations for the Ferrada shower and bath sets, a traditional bathroom with roll top bath can be perfectly kitted out in the appropriate style!

FEATURES:

10 YEAR PRODUCT GUARANTEE

All our NOW Collection chrome taps and mixers are covered under the Marflow guarantee for a period of 10 years from the date of purchase. For full details visit our website.

CERAMIC DISC TECHNOLOGY

All our taps and mixers include ceramic disc technology unless otherwise stated, which gives greater control over the water flow, providing reliability and minimum maintenance.

MATT BLACK FINISH **bk**

Bring a designer feel to your bathroom with our unique matt black finish. Look out for the 'bk' on selected tap ranges (2 year guarantee).

NEW BRUSHED BRASS FINISH **bb**

Let your inner designer free with our new brushed brass finish. Look out for the 'bb' on selected ranges (2 year guarantee).

ERGONOMIC AND MODULAR DESIGNS

Ergonomically designed for ease of use, our brassware products share common design features, giving you the freedom to mix & match across the range.

COLD START FUNCTIONALITY*

With Cold Start, only the cold water flow is activated when the tap is turned on with the lever facing forwards, reducing your hot water consumption by up to 30%. The hot water starts flowing as quickly as with an ordinary tap.

*Available on the Pava Range.

MUSHROOM SLOTTED WASTE

CATHODIC PROTECTION SYSTEM

Marflow are proud to present the patented cathodic protection system to reduce surface corrosion with a sacrificial anode, which has been patented and protect the faucet's surfaces from corrosion, keeping the chrome plating with a long shine. This system can be found on the **Fly, Alexia and Tsar** product ranges.

PICTURE 1: Results of the cathodic protection patented by Ramon Soler® after 600 hours salt spray.
PICTURE 2: Results without the protection after 600 hours salt spray.

This anode is a zinc-magnesium coated part, which is inserted inside the tap to protect it from wear and corrosion, both inside and outside. This patented anti-corrosion system is placed on all **Fly, Alexia and Tsar** series of faucets and shower sets: both in the vertical anchors and in the wall, likewise its handles are also protected. This solution represents an important advance for the durability of the taps. It applies this system to handles, eccentrics and fixing studs, improving the quality and life of his coatings throughout his taps. With this patent it also guarantees the perfect condition of its 'Diamond Finish' finishing. The results are 600h salt spray, which is three times the EU 817 standard requirement.

Tall Basin Mixer shown in Brushed Brass

INTRODUCING OUR SHOWERING RANGE

Select from an exceptional range of premium shower kits complete with all components, offering you a simple and effective option for installing your desired showering arrangement, be it contemporary or traditional.

Alternatively, choose from our selection of mix and match products designed to allow you to create your preferred combination of style, performance and function.

FEATURES:

10 YEAR PRODUCT GUARANTEE

All our NOW Collection showering products are covered under the Marflow guarantee for a period of 10 years from the date of purchase. For full details visit our website: www.marflow.co.uk.

COOL TOUCH SHOWER VALVES

Designed to provide a safe showering experience we offer true Cool Touch bar shower valves.

SHOWER HANDSETS

We offer hand showers in a variety of optional spray patterns from single mode shower heads to three mode shower heads which offer the ultimate in feel good experience.

INSPIRING SHOWERHEADS

From stylish contemporary to the classic traditional design, we offer an array of showerhead styles to complement your bathroom look. Our rub clean option makes cleaning your showerhead quick and simple.

MATT BLACK FINISH **bk**

Bring a designer feel to your bathroom with our unique matt black finish. Look out for the 'bk' on selected shower products. (2 year guarantee).

BRUSHED BRASS FINISH **bb**

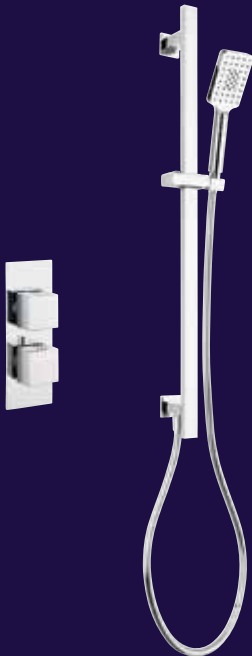

Let your inner designer free with our new brushed brass finish. Look out for the 'bb' on selected ranges. (2 year guarantee).

SHOWER FIXING KITS SUITABLE FOR BAR VALVE INSTALLATIONS A SIMPLE SOLUTION TO AN EVERYDAY PLUMBING PROBLEM

PL8i– Suitable for
NEW Build/ First Fix

PL4i – Suitable for
existing bathrooms

PL8i SHOWER FIXING KIT

Designed for new builds and first fix installations. Quick installation of accurate pipework for a firmly fixed shower. The Shower PL8i kit consists of the highest standard components and provides a strong secure fixing. Easy, quick and precise installation of bar shower mixers to new pipework.

PL8i
€26.02
(€32.00 inc. VAT)

features

- For First Fix Installations
- Reduced Installation time
- No depth planning required as it can take up any tile thickness
- Pipes can be checked as level before tiling or Bar Valve fitment
- Chamfered compression nuts for easy and controlled tightening
- A plate design that eliminates lateral skew when tightening fixings
- Perfect 150mm centres to fit 99% of bar-type showers
- Once fitted the bar valve is extremely secure (can withstand a direct pull force of 130kg with no defects)
- 10 Year Guarantee

PL4i SHOWER FIXING KIT

Designed for existing bathrooms, pipework and tiles, the Fast Fixing Kit PL4i is perfect for replacement showers. The fast fixing kit PL4i consists of the highest standard components and provides a strong secure fixing. Easy, quick and precise installation of bar shower mixers to existing pipework.

PL4i
€20.33
(€25.00 inc. VAT)

features

- For Second Fix Installations
- Reduced installation time
- Secures existing pipe work
- Solid Brass construction
- 4 fixing points per pipe
- Chamfered compression nuts for easy and controlled tightening
- Comes with high quality Stainless Steel Shrouds
- 10 Year Guarantee

GENERAL INFORMATION

BROCHURE INFORMATION

All information contained in this brochure is accurate at the time of going to press. Marflow Engineering Limited & Flair Showers Ltd reserves the right to introduce changes and modifications without prior notice.

Please note all prices shown are inclusive of VAT at the current rate. Whilst every attempt has been made to select images that accurately portray our products, variations in colour and style cannot be avoided. Further variations may also be caused by inconsistency in colour, reproduction and print.

TECHNICAL DRAWINGS & INSTALLATION GUIDES

Our technical drawings and installation guides are available to download from our website free of charge. We recommend installation is carried out only once the relevant guide has been read and understood by the installer.

See www.marflow.co.uk/now

Please note all products in this brochure are for UK low pressure installations. Minimum 0.2 bar recommended unless otherwise stated. Our thermostatic shower valves are factory set to 38°C and fitted with an anti-scald function designed to protect the user by automatically cutting the water flow.

DIMENSIONS

Please note all dimensions noted in this brochure are shown in millimetres unless otherwise stated. They are intended as a guide only and may be subject to a degree of inaccuracy.

PRODUCT GUARANTEE

The NOW Collection products used for domestic installation are covered under the Marflow guarantee for a period of 10 years from the date of purchase. Chrome finish is guaranteed for ten years, with all our other finishes guaranteed for two years. Cartridges are subject to a 5 year guarantee. Subject to the terms and conditions of use set out in our guarantee terms and conditions. For full details visit our website.
