THE AYO® 8MM FRAMED COLLECTION

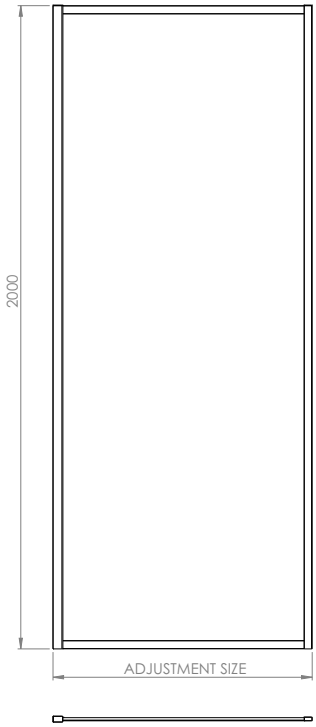
MATTE BLACK ONLY

The contemporary industrial aesthetic inspired by factories and warehouses is now an established trend in bathroom design.With this in mind, theAYO Framed collection is carefully curated to deliver a striking look in the showering zone.

Standing at impressive 2 metres tall, each AYO Framed screen is coated with a Hydrophobic coating to repel against unwanted grime and limescale.

Silk screen print technology enables the interior of all AYO framed screens to retain a flush finish for ease of cleaning and maintenance. Each 8mm toughened glass panel is firstly **silk screen printed**with the black framed design applied to the glass exterior. **Black anodised metal profiles** are then bonded to the exterior of the glass panels.

Expertly designed each AYO glass panel is fully surrounded by a robust metal frame, providing maximum durability for the hardworking bathroom environment.



Adjustment Explained - The wall profile offers 15mm adjustment. Maximum adjustment is 10mm below nominal size. For example a 900mm wetroom panel adjustment is 875mm - 890mm.
